APPLICATION OF THE UNITED STATES  
FOR AN ORDER PURSUANT TO 18 U.S.C. § 2703(d)

The United States of America, moving by and through its undersigned counsel, respectfully submits under seal this *ex parte* application for an Order pursuant to 18 U.S.C. § 2703(d). The proposed Order would require Oath Holdings Inc., an Internet service provider, located in Sunnyvale, California, to disclose certain records and other information pertaining to the email account **sawwayahe@yahoo.com**, as described in Part I of Attachment A. The records and other information to be disclosed are described in Part II of Attachment A to the proposed Order. In support of this application, the United States asserts:

LEGAL BACKGROUND

1. Oath Holdings Inc. is a provider of an electronic communications service, as defined in 18 U.S.C. § 2510(15), and/or a remote computing service, as defined in 18 U.S.C. § 2711(2). Yahoo! Inc. sold its operating business, and transferred the assets and liabilities related to that business to Yahoo Holdings, Inc., which changed its name to Oath Holdings, Inc., effective January 1, 2018. Oath Holdings, Inc. is a wholly-owned subsidiary of Verizon Communications Inc. Accordingly, the United States may use a court order issued under § 2703(d) to require Oath Holdings Inc. to disclose the items described in Part II of Attachment

A. *See* 18 U.S.C. § 2703(c)(2) (Part II.A of Attachment A); 18 U.S.C. § 2703(c)(1) (Part II.B of Attachment A).

2. This Court has jurisdiction to issue the proposed Order because it is “a court of competent jurisdiction,” as defined in 18 U.S.C. § 2711. *See* 18 U.S.C. § 2703(d). Specifically, the Court is a district court of the United States that has jurisdiction over the offense being investigated. *See* 18 U.S.C. § 2711(3)(A)(i).

3. A court order under § 2703(d) “shall issue only if the governmental entity offers specific and articulable facts showing that there are reasonable grounds to believe that the contents of a wire or electronic communication, or the records or other information sought, are relevant and material to an ongoing criminal investigation.” 18 U.S.C. § 2703(d). Accordingly, the next section of this application sets forth specific and articulable facts showing that there are reasonable grounds to believe that the records and other information described in Part II of Attachment A are relevant and material to an ongoing criminal investigation.

#### THE RELEVANT FACTS

4. The United States is investigating unauthorized access in connection with computers. The investigation concerns possible violations of, *inter alia*, 18 U.S. Code § 1030(a).

5. On or about February 5, 2019, the Indonesian General Elections Commission (KPU)’s website (VICTIM #1) was defaced. A screenshot was uploaded to a KPU webpage. Part of the screenshot contained the words “HACKED BY MR.BINARYCODE”, “OPPOSITE6890”, and “Moslem Cyber Team”. Additionally, a second website was defaced late January or early February 2019. The website, Revolusi Mental (VICTIM #2), contained the exact same screenshot as the VICTIM #1.

6. Open source research of “Mr.Binarycode X” identified an Instagram account `mr_binarycode`. One of the posts on the account was a picture of a defaced online news website Kabar Indonesia (Victim #3). The picture included “Hacked By MR BINARYCODE X OPPOSITE6890 <= MOSLEM CYBER TEAM”. At the bottom of the post, an Instagram user replied that they had opened the website and it was not defaced, to which `mr_binarycode` replied that they would hack it again.

7. On April 19, 2019, a 2703(d) Order was served on Instagram for the account `mr_binarycode`. In the return, Instagram listed `sawwayahe@yahoo.com` (Target Account) as the email address connected to the account. Obtaining records from Oath Holdings will help in the identification of the user of the accounts and advance the investigation.

REQUEST FOR ORDER

8. The facts set forth in the previous section show that there are reasonable grounds to believe that the records and other information described in Part II of Attachment A are relevant and material to an ongoing criminal investigation. Specifically, these items will help the United States to identify and locate the individual(s) who are responsible for the events described above, and to determine the nature and scope of their activities. Accordingly, the United States requests that Oath Holdings Inc. be directed to produce all items described in Part II of Attachment A to the proposed Order.

9. The United States further requests that the Order require Oath Holdings Inc. not to notify any person, including the subscribers or customers of the account(s) listed in Part I of Attachment A, of the existence of the Order for one year. *See 18 U.S.C. § 2705(b).* This Court has authority under 18 U.S.C. § 2705(b) to issue “an order commanding a provider of electronic communications service or remote computing service to whom a warrant, subpoena, or court

order is directed, for such period as the court deems appropriate, not to notify any other person of the existence of the warrant, subpoena, or court order.” *Id.* In this case, such an order would be appropriate because the requested Order relates to an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation, and its disclosure may alert the targets to the ongoing investigation. Accordingly, there is reason to believe that notification of the existence of the requested Order will seriously jeopardize the investigation, including by giving targets an opportunity to flee or continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates. *See* 18 U.S.C. § 2705(b)(2), (3), (5). Some of the evidence in this investigation is stored electronically. If alerted to the investigation, the subjects under investigation could destroy that evidence, including information saved to their personal computers.

10. The United States further requests that the Court order that this application and any resulting order be sealed until further order of the Court. As explained above, these documents discuss an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may seriously jeopardize that investigation.

Respectfully submitted,
